UPDATE

NFDRS 2016

- Standardize the use of NFDRS 2016 across the COMPACT;
- Ensure that most participants have received the NFDRS 2016 training;
- Discussions were difficult, some members doubting of the feasibility of the project;
- Need to assign a lead to the project;
- A summary of the project and general expectations has been requested by the working team.

TEAM
UPDATE

Quick Deploy Stations

- 4 in total; VT, MA, NH, RI
- The tracking and maintenance procedure may have to be revised as we seem to lose track of the stations (NECC? Update request form on COMPACT website?);
- Do not hesitate to ask for a station! (Contact Tom Muise, MA)

2020 Work Plan

- Sponsor new NWS fire weather focals to 2021 Winter COMPACT;
- S-491 course to be held in the Northeast (or 2021?);
- Send members to NFDRS 2016 training;
- Invite a CFDRS instructor;
- Prescribed fire subcommittee;
- QD routine annual maintenance;

Send members to CIFFC Fire Science or Meteorology working group meeting.
